

Sunday April 6

Save this day for a kayak/canoe trip on Econfina Creek, one of the prettiest creeks in Florida. There are many springs on this creek, so the water is exceptionally clear. We will have lunch across from a first magnitude spring that averages 9,540 cubic feet per minute. Bring your swimsuits!!!

Don't forget your camera either. There is lush vegetation on the limestone walls including ferns, oakleaf hydrangeas, mountain laurel, native azaleas, spider lilies, etc.

Also bring a lunch, plenty of water, sun screen, bug spray, dry clothes, etc.

Directions:

Take I 10 east to Hwy 77. Travel south on Hwy 77 and meet at the BP station at the intersection of Hwy 77 and SR 20 at 10:00 AM. (This intersection is approximately 11 miles east of Ebro)

Please let me know you are coming. Judi Russell 850-835-4620
